

Four Oxen's Mission is to promote and support those who protect and nurture the most vulnerable members of our society. We pursue our mission through two main programs – our Passion Project Internship, as well as the Four Oxen Scholarship.

Four Oxen operates without any paid staff – we are a completely volunteer workforce. This allows us to keep our overhead low, and all donations can go directly to scholarships and the administration of our programming.

The below volunteer description is to fill a perceived need within our organization. While one can hope for candidates who embody all of the stated qualifications and abilities, we understand that many will not, nor would they necessarily have the time to do everything, and that is okay! Even if you are qualified to do only part of the below description, that can still be of help! We are not necessarily looking for one person to fill a position, but are looking for multiple volunteers to fill a need.

Please reach out, be honest about your abilities and limitations, and join us in doing good work!
